

Trim No. H19/70518

Mr Gary Forrest
Chief Executive
Justice Health & Forensic Mental Health Network
PO Box 150
MATRAVILLE NSW 2036

Dear Mr Forrest

2019/20 Service Agreement

Please find attached an executed copy of the 2019/20 Service Agreement for Justice Health and Forensic Mental Health Network (JHFMHN).

I would like to acknowledge the collaboration and support provided by the JHFMHN executive team to the System Purchasing Branch during the development of the Service Agreement, particularly during the negotiation process.

Service Agreements articulate the strategic priorities for the health system and recognise local priorities. It sets performance and accountability requirements for health services as measured against key performance indicators and the delivery of NSW Health Strategic Priorities 2019/20. The District's performance will be monitored by the Patient Experience and System Performance Division in line with the NSW Health Performance Framework.

The National Health Agreement requires that Service Agreements and the explanatory notes for Schedule C be displayed on the organisations website. A summary of the district or network expense budget is to be prepared and made available in a prominent location on your internet site, together with the summary of the initial facility budget allocation. Please send confirmation that these documents have been uploaded, and the date of upload to the Executive Director, System Purchasing Branch at MOH-ServiceAgreementSPB@health.nsw.gov.au.

I look forward to working with you, the Board and Executive of JHFMHN throughout the 2019/20 financial year particularly on improving patient experience through the provision of value based health care.

Yours sincerely

Elizabeth Koff
Secretary, NSW Health
